

Processor 10th Gen vs 12th Gen (vsdiff.com)

Feature	10th Gen Processors	12th Gen Processors
Architecture	Comet Lake	Alder Lake
Cores and Threads	Up to 10 cores / 20 threads	Up to 16 cores / 24 threads
Performance	Good performance for gaming and productivity	Exceptional performance with hybrid architecture
Graphics	Intel UHD Graphics	Intel Iris Xe Graphics
Power Efficiency	Standard efficiency	Improved efficiency with hybrid cores
Socket Type	LGA 1200	LGA 1700
