

Team Player vs Independent Worker (vsdiff.com)

Criteria	Team Player	Independent Worker
Collaboration	Highly effective; thrives in group settings	Prefers solitary tasks; less reliant on others
Communication	Uses open dialogue to encourage team synergy	Relies more on clear, written communication
Adaptability	Quickly adapts to team dynamics and roles	Adapts to personal workflow and deadlines
Problem Solving	Group brainstorming can yield diverse solutions	Favors individual analysis and decision-making
Accountability	Shares blame and success with a team	Takes full responsibility for outcomes
