

## AI Image Upscaler vs Manual Editing (vsdiff.com)

Feature	AI Image Upscaler	Manual Editing
<b>Speed</b>	Fast; usually takes seconds to process	Time-consuming; hours may be required for complex edits
<b>Quality</b>	Good, but may lack fine detail	Exceptional; tailored to the user's creative vision
<b>User Skill Level</b>	Minimal; requires no prior experience	High; knowledge of editing software is essential
<b>Cost</b>	Often free or low-cost	Can be expensive due to software costs and courses
<b>Flexibility</b>	Limited to enhancement features	Highly flexible; allows for any type of adjustment
