

Cross-Cultural Teams vs Local Teams (vsdiff.com)

Criteria	Cross-Cultural Teams	Local Teams
Composition	Members from diverse cultural backgrounds	Members from the same geographic location
Communication Styles	Diverse communication approaches based on cultural norms	Similar communication styles with fewer barriers
Problem-Solving	Enhanced creativity due to varied perspectives	Potential for faster consensus due to shared background
Team Cohesion	May require time to build trust	Generally easier to establish rapport
Adaptability	High adaptability to global markets	More focused on local market needs
Decision-Making	Consensus might take longer due to differing views	Typically faster due to shared understanding
