

Streaming Stick vs Smart TV (vsdiff.com)

Feature	Streaming Stick	Smart TV
Cost	Generally cheaper, ranging from \$25 to \$100	Prices range from \$300 to over \$2000
Setup	Easy to set up, just plug and play	More complex, may require installation and configuration
Portability	Highly portable, can be used on different TVs	Stationary, not easily moved between locations
Screen Size	Dependent on the TV it's connected to	Available in various sizes, from 32 inches to over 85 inches
User Interface	Simple and often intuitive	Varies widely; can be complex depending on the manufacturer
Updates	Regular updates for streaming apps	May require manual updates for apps and firmware
App Availability	Supports most popular streaming services	Varies, but generally includes major platforms
