

Persian Cat vs British Shorthair (vsdiff.com)

Feature	Persian Cat	British Shorthair
Appearance	Long, flowing coat with a flat face and large eyes.	Short, dense coat with a round face and big, round cheeks.
Temperament	Gentle and calm, tends to be affectionate but can be a bit independent.	Friendly and easy-going, enjoys playtime and social interactions.
Grooming Needs	High grooming requirements, needs daily brushing to prevent matting.	Low grooming needs, enjoys occasional brushing but less than Persians.
Health Issues	Prone to respiratory issues and hereditary conditions due to flat face.	Generally healthy, but can be prone to certain genetic issues.
Life Span	12-17 years	12-20 years
